Quamque patent late nunc ergasteria, quondam  
 Vix brevibus tectis usibus apta suis?  
 Namque supercilio prospectant moenia longe,  
 Quæ modo ruricolæ, & pauper agellus erant.  
 Consulis hinc liceat fasces distinguere lauru,  
 Cum virgisque quiris laureaserta ferant,  
 Ast ego pullatos video procedere fasces,  
 Defluxit laurus deciduumque decus,  
 Ferali fasces horrent tristisque cupressu,  
 Quam cito lauretum degenerare potest?  
 Ilicet! ad plures abiit Falcknerus, & orbam  
 Urbem relinquit cum patribus patriæ,  
 Ilicet! ipsa Themis pullato firmate funus  
 Consequitur spectans ore gemente rogos,  
 Ilicet! ipsa suum testatur Curia luctum,  
 Nilque piis urnis illacrumasse pudet,  
 Ilicet! æra suum longe Campana dolorem  
 Murmuribus raucis testificata stupent,  
 Et mea Musa stupet passos hirluta capillos,  
 Sordida quæ palla sordidiore gemit,  
 Namque peregrinis quando primum advena terris  
 Transtulit hucce lares, transtulit hucce domos,  
 Cernua reptabat nimium paupercula, gressu  
 Incerto titubans prospiciebat humum,  
 Hic me sublimes ad sidera tollere vultus  
 Hortatus, tremulos fulciit ipse gradus,  
 Nunc adeo nostrum est, sacras venerariet umbras,  
 Pullatos fasces nunc coluisse decet.
