◆————◆

Vltimus non est, VENERANDE LOEBER!
Ciuum cantus, TIBI sed resurget,
Quem per immensos decumum reuoluent
Sidera tractus.

Laeta cum messis Dominum reuisit,
Alma lux somnos pepulit quietos;
Hoc jubar magnum TIBI magna demum
Praemia spondet

Tunc piis hymni veniunt cateruis:
Quos nefas vili tenuare plectro
Tum triumphali meritos honores
Ore recensent.

Tunc TUAE cernis focios iuuentae
Heu sub antiqua positos cupressu!
Tunc per aeternos TIBI rite partos
Ito triumphos.

Sed diu parces lacrymis TUORUM
Serus atque assem biforem recludes,
Tempus in longum titulis carebunt
Marmora plenis.

Arbor annosos referendo ramos
Porrigit fessis placitam quietem,
Fert decus ruri solitas suoque
Robore fruges:

Atque vbi fero labefacta cedit,
Surculi spirant patrium vigorem
Fertiles surgunt genitis per aeuum
Grande futuris.
