*Postquam brevis vita termino X septiminarum angusto, tri-  
duum superadieisset.*

Althasar hac infans recubat tellure sepultus,  
Et spes Spigelij deliciamque patris.  
Protulit hunc terris natum lux quinta Decembris,  
Februa sed sexta hunc sustulit à decimâ.  
Hebdomades bis quinq; dies superesse datum est tres;  
Perpetuò at nitidâ nunc agit arce poli.  
Præreptus moestis fuit ille parentibus orbe :  
Mox celo lœtis restituetur ouans.  
Hæc minuant magnum solatia vera dolorem :  
Non abitum, redditus spes, sinit esse grauem.

Defunctus loquitur.

**B**ACCO B ALTHAS ARVS post fata quiesco sub urnâ,  
Invida proleclô quam mihi Parca dedit.  
Vix ubi in ære a genitrix prodixerat auræ,  
Tertius ut vitæ nec mihi menserat;  
Humane subito spoliabat munere lucis,  
Et tener hanc tenui contumulabat humâ.  
Stirps eram spes magna meæ, spes magna Parentù,  
Gaudia matru, Avi delicia q̄ mei.  
Nunc fruor a thero celi super axe beatus,  
Contutis summi colloquio q̄ DEI.  
Quisquis es, hunc tumulum qui conspicis, & legis ista:  
Qsib; hic mollis, dic, cinis esto tuus.
