LECTORI BENEVOLO

S. P.

MERCVRII cum clara diem mortalibus almam
aurora exciuleris, radiūq; retexerit orbem,
& nonam certis Horam signaveris astrū,
Si D E U s afflabit captū, mentemq; paratam
venamq; exigam Phæbi perfundet honore,
decrevi solito carmen recitare theatro.

Carmen, quod celebres referat dicatq; triumphos.

Princeps Jan Erneste, tuos, memoretq; labores,
claroq; vultu inscribat nomina cedris,
virtuteq; animoq; Ducis dextramq; secundam,
dum Francofurti Matthiæ Cæsare regni,
innumerūq; virū spectantibus undiq; circo
in medio metam felici sidere tangis.

Victor, & appensum tecum auferis circulum, & ampla
præmia, quæ facili donabat numine Cæsar.

Quare agite ô Procetes, nostri parī summa Lycæi,
& vos, ô Juvenes, audite hoc mentibus æquū,
Victoremq; fori digno spectate favore,
Rectoremq; Scholæ merno tractate favore,
primūq; auspiciū fortunam discite vestram
ævo venturam sic voluistis fata, sequente.

Ad vos illa redit latu victoria pennæ,
vestra est, vester honos, quem Princeps attulit oris
Hæstorci, celsiq; Scholam transcripsit Olympo.

Sed quid ego hæc autem? sibi Princeps plurima poscis
debita pro merito, & poscis sibi plurima Rector,
Ergo tantillum officiū me negabitū? Absit.

Quisquis amat Jan-Ernestum, & cœu debet, honorat,
Principis egregii sacratum carmen honori
audiet, & digni cumulabit laude labores.

Si quis at invidiâ mediū disrumpitur osor,
ille vel in tenebris sedeat, tunicamve Nigelli
induat, & mediū stet, sicut Tantalus, andus,
Rectoris nostri meritū nec gaudeat ullus.

Qui bonus est, bona facta Ducis bonus ipse probabit,

Val. P. P. JENÆ XXIII. Aug. ANNI M. DC. XII

M. Thomas Sagittarius
Professor Publicus.
